

## **Envision Global:**

Envision Energy is a world-leading green tech company committed to becoming a **NetZero Technology** Partner for global enterprises, governments, and institutions. With a focus on three core business areas: smart wind turbines, energy storage, and green hydrogen solutions. Envision Energy delivers integrated solutions that drive the energy transition. It also manages Envision-Hongshan Carbon Neutral Fund and owns Envision Racing Formula E Team, which conquered the Formula E teams' championships in 2023.

Envision Energy has been leveraging its global network of R&D and engineering centers across China, the US, the UK, France, Germany, Denmark, etc. to lead global green technology development.

With its contributions to the global green energy transition, Envision Energy is listed as a "Green Giant" in 2024 "**TIME 100 Most Influential Companies**" list. The company is also included in Fortune's 2024 "Change the World" list for its major innovations in net zero industrial park and full-stack green hydrogen technology, marking its second appearance after 2021. Additionally, Envision Energy earned a spot on Forbes China's "Best Employers" list in both 2022 and 2024, for its outstanding leadership as an employer. Envision Energy has also received several accolades for its sustainability performance, including the **EcoVadis Gold Medal** and the CDP "A-List".
